## ADAPTIVE SAILING BOAT

Funding to complete and build a finished product and x2 workable prototype Adaptive Optimist Dinghy/ kit.

That we can present, manufacture and offer to anyone and every yacht club in the world. This unique product would be manufactured in South Africa and could be shipped and sold for less than **US\$900/ZAR 15 000 per kit or US\$ 2 000/ ZAR 39000** for a full adaptive sailing boat. It would make sailing more accessible and turn any optimist into a safe, functional and unique adaptive sailing boat that will be easy to use for any new sailor or children with physical or mental disabilities and less mobile and neurodivergent children.

**+/- US\$ 29 000 / ZAR 470 000**
